PDX ANNOUNCES NEW ADVISORY TEAM MEMBER

We are pleased to announce that Dr. Sidhic A. Muhammed, a leader in the global blockchain technology space, has formally joined the PDX Advisory board with immediate effect.

Professor Muhammed is a post graduate of Commerce from the University of Kerala, India, 1991. He is the founder of the Chancellor European Digital University. He is also the President of Canada Blockchain Summit Ltd., situated in World Trade Center, Toronto, and is the Managing Director of the European Blockchain Center in Sharjah, United Arab Emirates. Over the past 25 years he has become an authority on doing business in the Asia and in the Middle East. Having spent the past 10 years in Saudi Arabia forming educational programs that would make the world more aware of the technology of Saudi Arabia and Asia, he has become an expert on these particular markets. Most recently, in 2019 he was honored at the University of Dubai by its President Dr. Eesa Bastaki for his preeminent achievements in Blockchain technology. He regularly speaks at blockchain summits around the world and can also be seen frequently in the cryptocurrency and blockchain-related media.

Professor Muhammed will be attending our upcoming second Investor Roadshow event in Dubai, UAE, on March 10th., and is bringing many blockchain industry participants with him.

Professor Muhammed has also proposed using PDX Coin in a case study for investment, in the syllabus of the European Digital University (www.edublockchain.us).
